Regarding: FY 20/21 Final Budget for the East Fork Fire Protection District

To Whom It May Concern,

Attached please find the FY 20/21 Final Budget for the East Fork Fire Protection District. The budget supports 84 employed personnel, 8 volunteer fire departments, administration, all fire suppression, emergency medical services, training and safety, technical rescue needs, hazardous materials response and fire prevention.

This budget follows the guidelines established by the East Fork Fire Protection District Board of Directors and as provided for in NRS 474. The Final Budget includes a 1.5% contingency and a 14.08% ending fund balance. The ending fund balance was reinforced in light of the COVID-19 Pandemic and its current and future impacts on funding. The tax rate of .4874 is being used for ad valorem purposes. This will be the fourth year the East Fork Fire Protection District will be governed as a separate entity with its independent board and not as a component unit of Douglas County government.

The District relies more on employed fire and EMS personnel, who fall under labor contracts per NRS 288. The District is currently in labor contract negotiations. The District will be completing its first year of funding from a Federal staffing grant (SAFER) received last year. The District's Volunteer Program has been modified to encourage and support a more logistical and wildland firefighter roll for volunteers.

The District provides one of the most progressive and complete firefighter training programs within the state. Training offerings include all entry level logistical and support training for our volunteers and supports specialized, recertification, and routine training for career staff. The District has participated in a regional training academy for all of its new employees for several years now.

Increases in Ambulance User Fees have been included in the revenue estimates as well as in Fire and Life Safety Plan Review fees. Development and construction continue to move forward even under the COVID-19 conditions.

The District made its final payment on its District Office facility in April of this year. The District incurred an additional \$2,000,000 in debt specific to capital improvements, including the use of \$1,000,000 to retire an original debt obligation in FY18/19. Under this funding mechanism the District was able to attain a much lower interest rate. For FY 20-21 Debt service is a function of a General Fund allocation. Previously it was accounted for under a Debt Service Fund.

The staff and administration of the East Fork Fire Protection District look forward to serving the community in the year ahead. The challenges that the COVID -19 Pandemic present are significant, however, we hope to approach those challenges with confidence and determination, both from a response and fiscal standpoint.

Sincerely,

Tod F. Carlini, District Fire Chief
