

First Quarter 2019 Training Plan

Topic	January	February	March
Job Sheet Review	PPE Donning	Hydrant Connections	Hose Pulls 1 – 5
Evolutions/Drills	Cross lay	Hose bundles	Master Stream
Special Topic	Crew Cohesion/Rookie Orientation	Multi-Company Drill	Flow Path
Procedure	Apparatus Checks	Communications	Mayday
EMS	Recertification make up and Rookie EMS orientation		
Mandates	OSHA	FRO Refresher	SCBA Fit/Logistics
Captain Choice	Priority is for Rookie needs but the crew should not be forgotten. Complete training reports for all training, including pre-plans and area familiarization related to new station assignments		
Captain Choice			
Captain Choice			
Captain Choice			
Target of Opportunity	Ice Rescue: refresher and practical skills		
Captain Responsible	Agorastos	Hill	Costa

Goal: 20 hours of documented training monthly

Notes:

1. Rookie 20 shift testing for core skills completed by March 6 (10-shift extension if rookie fails)
2. Highlight indicates Training Division delivered course
3. Course descriptions, lesson plans, supporting materials and RMS code due out the last week of the month prior to captains and chief officers. This will be posted to a folder on the Shared drive
4. Captains shall use the best model to deliver the training to their crews when not Training Division Captain led. This may include small group discussions over coffee, practical application or assignment to a firefighter to instruct when appropriate. Make it fun, make it fit the crew
5. Training Division Captain will select four possible shifts (two tours) for the multi-company drill and place them on the station calendar so other District activities are not placed over the top of them
6. Training Division Captain with the AOR for the topic will develop it for the captain responsible for the month
7. Training Division will meet the last week of February to evaluate progress and plan second quarter 2019
8. Before any practical skills performed, officers will review them with their crews to ensure basic competency with the task to be performed
9. Training Division Captains shall communicate with their Operation peers as to status of training goals and any needs
