

Douglas County COVID-19 Community Resource Page

In response to COVID-19 and the current need to provide resources and support to Douglas County residents, Douglas County has created a Community Resource Page.

https://www.douglascountynv.gov/government/departments/emergency_management/community_resources_due_to_covid-19

The Community Resources Page will continue to evolve as residents, visitors and businesses come together during this difficult time. If you are aware of a support service in Douglas County which is available please email mblosser@douglasnv.us. and we will evaluate if the resource is appropriate for the page.

As we continue to see this situation evolve, we will come together as a community as we have done in the past.

The State of Nevada has also set up a resource page www.nvhealthresponse.nv.gov

Thank you,

Melissa Blosser
