

Office Specialist Morrow Announcement

I am pleased to announce that Holly Morrow has been selected as the new Office Specialist for EFFPD. Holly comes to us with 7 years' experience working as an Administrative Assistant for a local aerial firefighting company, Minden Air Corp. As the Administrative Assistant, Holly was responsible for providing the day-day office support, was the liaison between Minden Air Corp. and the Federal Aviation Administration, and assisted with contractual matters with the United States Forest Service. Holly was awarded the Federal Aviation Administration Award of Excellence in 2013. Prior to her position with Minden Air Corp. she worked as the bookkeeper and Front End Supervisor for a local grocery store.

When Holly is away from the office she enjoys hiking, going to the lake, spending time with her fiancé, family, friends and her furry companion, Sophie.

Please join me in welcoming Holly Morrow to the East Fork family!

East Fork Fire Protection District

Lisa Owen, Executive Office Manager CPS/CAP
