

# New Hire Photos and Bios

---

The new hires will start the regional academy on January 9th and be assigned to 56-hour work week on April 1, 2017.

My name is Jake Ferriera. I was raised in Gardnerville, NV and attended Douglas High School. I have worked as a wildland firefighter for North Lake Tahoe Fire's hand crew and have been a Paramedic for almost two years. I attended REMSA's Paramedic program and have worked at REMSA for a year. In addition, I have been working on South Lake Tahoe's ambulances for the past eight months. I spend the majority of my free time with my family and friends. My hobbies include jet skiing or any kind of water sports and I spend a lot of time working on engines or building motors.

I'm Aron Harvey from Carson City born and raised, 29 years old currently working in South Lake Tahoe as a paramedic. Enjoy riding motorcycles being outdoors and spending time with my family.

My name is Adrian Marquez, I grew up in Gardnerville NV and had the privilege of starting my fire career with East Fork Fire Protection District at a young age. While being in high school I was involved as a fire cadet, Volunteer firefighter, and three days after graduating high school I was hired as a seasonal Firefighter with East Fork Fire. During the off season I put myself through Northern Nevada's Fire and Rescue Academy along with working as an EMT with REMSA. Soon after that I received a recommendation to go to Alaska to be a Hotshot with the Midnight Sun IHC where I spent three years. Once I returned home, I worked for Susanville and Carson City BLM as a Lead Firefighter/Operator as well as an Advanced EMT with REMSA. I am currently in the final stages of REMSA's Paramedic program and working in Renown's Pediatric emergency room as a Trauma Tech. I am honored and excited to start this next chapter of my career back at home with East Fork Fire Protection District.
