

IN MEMORIAM

Joe Turek

Joe Turek has passed on following a motor vehicle collision in a hospital in Texas.

Joe was an exceptional person in many ways. He was first, foremost and always a United States

Marine. He was a long time member of East Fork Fire through the Johnson Lane Volunteers. Joe taught many of us in the various ELF classes through the years. He volunteered with Douglas County Communications following his retirement as an East Fork volunteer where he designed the radio system we use today.

His injuries were sustained during a motorcycle accident on a veteran's ride to D.C.: two things that were very dear to him.
