

## Item 3 Bruce Cable Explanation

Bruce Cable's generous donation will be used to completely outfit E4/Marine 8 with 4 drysuits, PFD's, Boots, gloves, and other gear. These suits are new technology and should last many years while fitting the majority of staff. They will be used to protect our members while they work in and around Topaz Lake, filling a need that was realized again just a few days ago on our latest incident at the Lake. Thank you to Bruce Cable for this donation. When these suits are purchased they will be shown to the board at a future meeting.
