Julie Andress, Director of Finance/CFO

District Updates:

- Over the past few weeks, we recognized several members for successfully completing their probationary period as firefighters. We are excited to watch them continue to progress in the organization. Please join me in congratulating firefighters Joe Almeida, Ty Tremaine, Paul Tschirhart, Dylan Van Dyk, and Jace Keema on their career accomplishment.

- We conducted briefings for each shift to discuss our goal setting meeting the leadership team conducted. Topics included: Future meeting cadence and attendance, results from the SWOT analysis of the district, initial re-organization, forward facing initiatives, and our thematic goal of “organizational alignment” We conducted the same briefing for the administrative and support staff. I will be delivering the same message to the volunteer staff at their next meeting.
- This past week we were honored to host and deliver regional Battalion Drills at our training tower. I want to thank Captain Azevedo and our training staff for all their work to make this successful. We’ve received tremendous feedback from all the departments from the region who attended.
