Regarding: FY 24/25 Final Budget for the East Fork Fire Protection District

To Whom It May Concern,

Attached please find the FY 24/25 Final Budget for the East Fork Fire Protection District. The budget supports 91 employed personnel (FTE), 7 volunteer fire departments, administration, all fire suppression, emergency medical services, training and safety, technical rescue needs, hazardous materials response, and fire prevention.

This budget follows the guidelines established by the East Fork Fire Protection District Board of Directors and as provided for in NRS 474. The Final Budget includes a 1.5% contingency and a 11.00% ending fund balance. The tax rate of .4874 is being used for ad valorem purposes. This will be the eighth year the East Fork Fire Protection District will be governed as a separate entity with its independent board and not as a component unit of Douglas County government. This will be the second year we will receive sales tax allocation with Douglas County now being a non-guaranteed county.

The district relies more on employed fire and EMS personnel, who fall under labor contracts per NRS 288. The district is currently in labor contract negotiations. The District's Volunteer Program has been modified to encourage and support a more logistical and wildland firefighter roll for volunteers.

The district provides one of the most progressive and complete firefighter training programs within the state. Training offerings include all entry level logistical and support training for our volunteers and supports specialized, recertification, and routine training for career staff. The district has participated in a regional training academy for all of its new employees for several years now.

Increases in Ambulance User Fees have been included in revenue estimates. Development and construction continue to move forward, with housing costs still at an elevated level. A new and consistent plan review fee process is being implemented with this budget.

The district is currently servicing a \$2,000,000 medium term debt incurred specific to fund capital improvements. The debt obligation was established in FY 18/19 and will be finalized in FY 25/26. The district is servicing a new 10-year, \$3,000,000 medium term debt incurred specifically to fund capital improvements established in FY 23/24.

The district will no longer be providing Fuels Management services to NV Energy. After three years managing that program, East Fork Fire elected not to enter into an agreement. The loss of this service contract reduced our revenue sources by \$1,289,678. We are however pursuing our own fuels management program funded by available grant funding.

The staff and administration of the East Fork Fire Protection District look forward to serving the community in the year ahead. We approach our challenges with confidence and determination.

Sincerely,

Tod F. Carlini, District Fire Chief

"Serving the fire and life safety needs of our community."

Property Tax Projection Explanation

East Fork Fire Protection District prepared the tentative budget before the State final projections were released. The tentative budget for property tax was reduced based on prior actuals and growth with in Douglas County. For the final budget, the property tax amount will be less than the final Proforma amount to account for Douglas County's Treasurers assessed valuation taxes and new construction values.
