Regarding: FY 25/26 Tentative Budget for the East Fork Fire Protection District

To Whom It May Concern,

Attached please find the FY 25/26 Tentative Budget for the East Fork Fire Protection District. The budget supports 95 employed personnel (FTE), 8 volunteer fire departments, administration, all fire suppression, emergency medical services, training and safety, technical rescue needs, hazardous materials response, and fire prevention.

This budget follows the guidelines established by the East Fork Fire Protection District Board of Directors and as provided for in NRS 474. The Tentative Budget includes a 1.5% contingency and a 12.75% ending fund balance. The tax rate of .4874 is being used for ad valorem purposes. This will be the third year we will receive sales tax allocation with Douglas County now being a non-guaranteed county.

The District relies more on employed fire and EMS personnel, who fall under labor contracts per NRS 288. The District is currently in labor contract negotiations. The District's Volunteer Program has been modified to encourage and support a more logistical and wildland firefighter roll for volunteers.

The District provides one of the most progressive and complete firefighter training programs within the state. Training offerings include all entry level logistical and support training for our volunteers and supports specialized, recertification, and routine training for career staff.

The District is currently servicing a \$2,000,000 medium term debt incurred specifically to fund capital improvements. The debt obligation was established in FY18/19 and will be finalized in FY 25/26. The District is servicing a 10 year, \$3,000,000 medium term debt incurred in 2023 specifically to fund capital improvements.

The staff and administration of the East Fork Fire Protection District look forward to serving the community in the year ahead. We approach our challenges with confidence and determination.

Sincerely.

Alan Ernst, District Fire Chief
