

Living With Fire

Bridging the gap between science and action to help communities address the challenges of wildfire

Program Update

Farewell and Best Wishes to Jamie Roice-Gomes

We have a bittersweet announcement. Jamie Roice-Gomes will be leaving Living With Fire and the University of Nevada, Reno, Extension to embark on a new journey with the Nevada Department of Wildlife. While the Living With Fire team is saddened to see her go, we are thrilled for Jamie as she steps into this exciting new role!

During her eight years with the Living With Fire program, Jamie made remarkable contributions to helping communities live more safely with wildfire. Her efforts in coordinating countless events, delivering numerous educational presentations, and providing valuable advice to homeowners have been integral to our program's success.

Jamie will be missed by all of us, but we are confident that the wildlife community is gaining an incredible asset. We wish her all the best in her new role and look forward to seeing the great things she will accomplish.

Warm regards,

The Living With Fire Team

Nevada Youth Wildfire Preparedness Challenge

NEVADA YOUTH WILDFIRE PREPAREDNESS CHALLENGE

This challenge is meant to involve youth in Nevada by helping them prepare for wildfire in their local communities. Providing youth with the knowledge they need to make a difference can strengthen the bonds between organizations like us, and community members like you... **plus there are cash prizes!**

Prizes:

A panel of judges will review projects after July 15th. Prizes for each of the following age groups: Grades K-5, Grades 6-8, Grades 9-12.

- 1st place \$1,500
- 2nd place \$1,000
- 3rd place \$500
- Judges' choice up to \$1,000
